Welcome to the Board

Welcome

Thank you for being willing to serve on the Alabama Society of Radiologic Technologists’ Board of Directors. This indicates your interest in serving your profession, networking with other imaging professionals, and having a positive impact on the care we provide to our patients and their families. We look forward to working with you and hope this document will serve as a helpful resource.

About the Alabama Society of Radiologic Technologists

Did you know that ALSRT has a 70+ year history! The Alabama Society of Radiologic Technologists traces its roots as far back as the early 1940’s when informal meetings were held among technologists from throughout the state. On May 2, 1948, the first formal meeting was held in Birmingham to form the official Alabama Society of X-Ray Technicians. A group of 35 “technicians” established the goals of Education, Patient Care, and Radiation Safety for the organization—goals the Society maintains to this day.

The Society continued to thrive in the 1950’s and early 1960’s. Membership increased as annual meetings were held throughout the state, usually in the Spring of each year. In 1966, the Society had a name change. The new name of the organization, the Alabama Society of Radiologic Technologists, was more reflective of the affiliation of the state Society with the national group, the American Society of Radiologic Technologists. ALSRT remains a proud affiliate of the ASRT.

In the 1970’s and 1980’s, the Alabama Society of Radiologic Technologists continued to see its membership increase. The Society grew through encouraging and supporting local/regional societies around the state and by placing a strong emphasis on student involvement.

Today all State societies, including ALSRT, struggle with declining membership as fewer employers sponsor conference attendance and online sources of continuing education have expanded. We believe, however, that membership provides much more than just the opportunity for continuing education. A strong membership gives us a powerful voice and the ability to have a greater impact on issues facing our profession. A strong membership allows for valuable networking and team building that has a positive impact on the quality of care provided to our patients by promoting education, patient care, and radiation safety.

General Duties of ALSRT Board Members

- Maintain current ASRT and ALSRT membership. ALSRT membership fee is waived while serving on the Board, but Board Members must maintain ASRT membership if in a voting position.
- Participate in videoconference calls typically held on weekday evenings 6-10 times each year.
- Participate in face-to-face meetings held just prior to and after the close of the Annual Conference in Spring and at Fall Conference.
- Participate and help at the Annual Conference, and also the Fall conference when it is in the region where Board Member resides.
- Share ideas and work collaboratively with other Board members for the good of our profession, our Society, members, and our patients.
• Review and respond in a timely manner to email communications distributed to Board between formal meetings.
• Openly communicate concerns or questions.
• Regularly visit website and social media platforms to identify opportunities to enhance the image and visibility of ALSRT for members, the profession, and our community.

Confidentiality

• The confidentiality of Board matters including submitting materials or documents under development, discussions, mail and correspondence among Board members shall be maintained.
• It is ALSRT policy that all matters of ALSRT business brought to the attention of members of the Board of Directors are confidential. Members of the Board of Directors shall not disclose or discuss any matter of ALSRT business with any non-Board member, if the matter has not been made public by ALSRT.
• Board Members are required to sign a confidentiality agreement at the beginning of each Fiscal Year, with Secretary/Treasurer maintaining that record.

Online and Phone Scam Safety

As a board member, you may be susceptible to scam emails, phone calls, or text messages. To minimize risk, ALSRT does not publish this information, but instead directs inquiries to either the “Contact a Board Member” or the “Contact Us” form available at www.alsrt.org. Submissions are reviewed and then routed to the appropriate individual. If a board member wishes to post an email address for a specific purpose (e.g. submission of speaker forms or scholarship applications), that request will be granted.

Please use the following safety guidelines to help prevent against fraud:

Email Safety
• Set board members as VIP or Favorites so that board emails will be clearly identified.
• When in doubt, always check the actual email address of the sender. Scammers will use the name of a board member, but the email address will be the scammer’s.
• Look for key phrases that help identify a scammer:
  “I have an urgent request”
  “Only contact me by email”
  “I need money sent to a vendor”
  “Gift cards need to be purchased”
• Do NOT click on any links in suspicious emails.
• Do NOT respond to scam emails.
• Block and delete emails received from fraud email accounts.
• If you receive an email from a scammer, it DOES NOT mean your email account has been compromised. Your account is still secure.

Phone Safety
• Save all board member cell phone numbers into your Contacts.
• If you receive a text from someone claiming to be a board member stating they have changed their number, always check back with the original number first. Phone number changes are generally sent to the entire group, not one individual at a time.
• Block fraud phone numbers.
• Do NOT give out personal or financial information. ALSRT will never collect financial information from you except in-person or through a secure payment gateway on the ALSRT website.
• Scammers will pressure you to act immediately. Decisions by the board are usually made through committee decisions.

**Board Meetings**

The ALSRT Board of Directors meet 6-10 times per year, with the President or Secretary communicating dates/time well in advance. Meetings just prior to/just after the Annual and Fall Conferences are typically held face-to-face, at the conference location. All other meetings are typically held on weekday evenings via videoconference calls that last approximately one (1) hour. The Board functions under the premise of a majority rule. Board members are expected to participate in each Board meeting if at all possible.
At a minimum, Board meetings are held:
- Just prior to the Annual Conference
- Immediately following the close of the Annual Conference
- Summer
- Prior to or following the Fall Conference
- Late Fall
- Winter

Prior to each Board meeting the secretary will circulate minutes from the previous meeting, date/time of the meeting, and instructions for accessing the videoconference. The minutes should help serve as a reminder of any assignments made previously that need a follow-up report by you at the next meeting. If you will not be able to attend an upcoming Board meeting, please notify the Board, President, or Secretary in advance, and provide a written report of progress made on any assignments.

A tentative agenda is typically circulated to Board members prior to the meeting, but other business may be brought to the Board as needed. Board members are encouraged to share opinions, ideas, and suggestions. Discussion items requiring a vote should be presented in the form of a motion. An “agree to disagree” atmosphere is encouraged so that we have an opportunity to look at an issue from more than one perspective. Healthy discussions are encouraged.

**Staying Connected via Email**

The Board will communicate regularly via email. Many find it helpful to set up an ALSRT “group” so that everyone is part of a discussion. However, you may certainly communicate directly with a Board member.

**Spring and Fall Conference**

We host our Annual Conference in Spring each year, typically in April. This 2.5 day event typically offers up to 16 CEs in educational tracks for students and registered technologists. Application is also made to ARRT for CQR credit assignment. Two meetings of the membership are also held, with information about important issues facing ALSRT, financial and membership status, and election of officers held by the end of the second meeting. Board members get to know members and serve as a resource and support throughout the meeting. Board members are very busy helping in different areas throughout the meeting, and play a huge role in the success of the meeting. It is expected that Board members will attend the Annual Conference unless extenuating circumstances arise.

The Fall Conference is a one-day conference offered FREE of charge to all ALSRT members. As determined by the Board, the Fall Conference may be held virtually. It is a more casual event where up to 6 CE credits are offered. Application is also made to ARRT for CQR credit assignment. When held face-to-face, the meeting moves to different locations around Alabama from year to year in an effort to occasionally host the meeting in close proximity to members scattered throughout the state. Board members are encouraged to attend and help if possible, but we understand there are travel constraints for some for a one-day meeting.
ALSRT Website

The Webmaster and Public Relations Delegate will continually monitor website for changes that may be needed, but all ALSRT Board members should familiarize themselves on information posted there, and should alert Webmaster of updates that are needed. Promoting ALSRT

As a Board member, one of the most important things you should do is promote ALSRT in your workplace and your community. Your involvement and excitement for the efforts of ALSRT could rub off on those around you. Be mindful of opportunities to encourage membership and participation in ALSRT.

Promote membership and participation
Just like fans in a football stadium, the larger our membership, the louder our roar and the more impact we can have on issues facing our profession. Ways to get involved:

- Being active participants via social media! Follow us on Facebook, Instagram, and Twitter.
- Attend the Annual and Fall Conferences, and encourage fellow radiographers to join you.
- Speak to fellow radiographers about the importance of a strong Society in Alabama, since we are one of only a few states still working toward licensure.
- Ask your supervisor if someone from ALSRT could speak to radiography staff about ALSRT and our efforts toward licensure.

Encourage others to volunteer
ALSRT has many opportunities for those who wish to volunteer but would rather not run for office. A few examples:

- Assist with CE credit documentation at Annual or Fall Conference.
- Introduce speakers at the Annual or Fall Conference.
- Help as a moderator or judge in one of the student-related competitions at Annual Conference.
- Speak at a meeting! Fellow radiographers will be very supportive of your effort and benefit from learning about different area of interest/expertise.
- Volunteer for a committee of interest such as:
  - Membership Committee
  - Marketing Committee
